Health Care System Readiness

Metric

% licensed beds occupied by patients

% licensed beds occupied by suspected and confirmed COVID-19 cases

Target

Green: <80%</p>

Yellow: 81-90%

Red: >90%

Green: <10%</p>

Yellow: 11-20%

Red: >20%

Testing

Metric

Average no. of tests/day in past week (or average % tests positive in past week)

Target

50 X number of cases (or 2%)

Median time from symptom onset to specimen collection among cases during past week

median < 2 days

Contact Tracing

Metric Target

% of cases reached by phone or in person within 24 hours of receipt of + lab test report

90%

% of contacts reached by phone or in person within 48 hours of receipt of + lab test report on case

80%

Protect the Vulnerable

Metric

Number of outbreaks reported by week*

Target

- **0 small counties** (<75,000)
- 1 medium counties (75,000- 300,000)
- 2 large counties (>300,000)
- 3 very large counties (>1 million)

*defined as 2 or more non-household cases epidemiologically linked within 14 days in aworkplace, congregate living or institutional setting

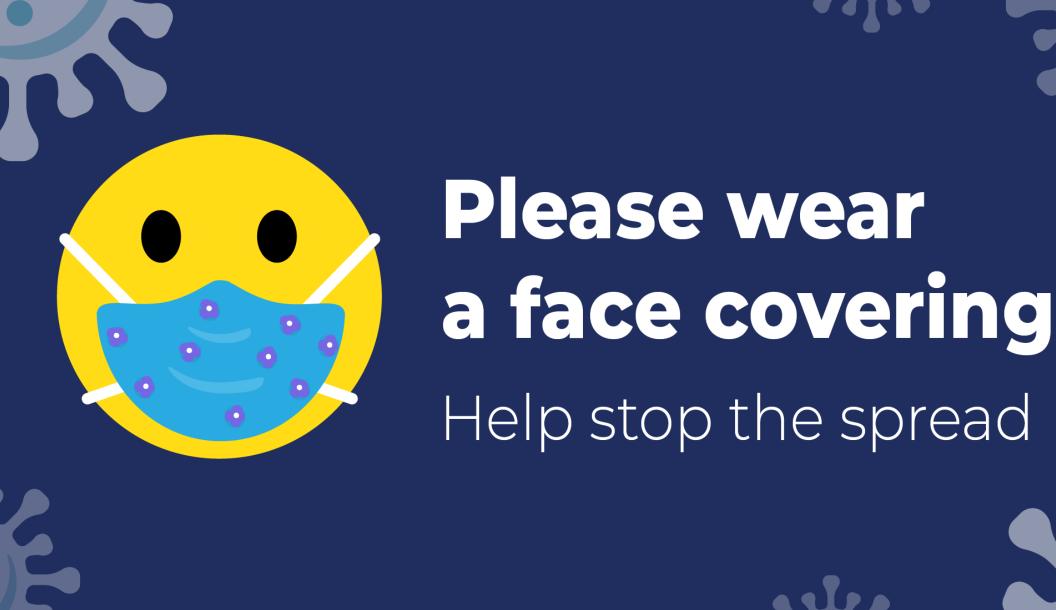

Modified Phase 1

Counties still in Phase 1 can apply for a modified version through DOH.

It allows additional flexibility and some Phase 2 activities to resume.

Facial Coverings

- Workers are required to wear facial coverings unless they have no in-person interactions.
- Employers must provide all required equipment Higher levels of protection may still be required
- Takes effect June 8

We are taking steps to protect our customers and employees from COVID-19

Wear a face covering and keep 6 feet apart from others in public spaces.

Fit coverings snugly but comfortably against the side of the face.

Use the ties or loops to put your face covering on and off.

Face coverings should have multiple layers.

Avoid touching the front of the face covering, especially when you take it off.

Wash and dry your cloth face covering daily.

Children should only wear them with adult supervision.

Wash your hands before **and** after wearing a face covering.

COVID-19

WHICH FACE COVERING SHOULD CUSTOMERS WEAR?

Save medical masks for healthcare workers and others in high-risk settings

Face coverings include:

Cloth face covering

Scarves

Bandanas

Medical masks include:

Surgical masks

They may also be labeled as isolation, dental, or medical procedure masks.
